

Grade 1 · Counting to 120 · Quiz

Common Core 1.NBT.A.1 · mathovore.fr

Name: _____ Date: ____/____/____ Score: _____

Try this 10-question quiz on counting to 120. Pick one answer for each question. Some questions use number boxes, dot rows, hundred charts, and number lines. Check your answers when you finish to see which ideas need more practice.

Grade 1 Common Core: 1.NBT.A.1

Questions

Question 1

Which number is missing?

52	53	?	55
----	----	---	----

Count forward.

- A. 53
- B. 54
- C. 56
- D. 45

Question 2

Which number comes right after 99?

- A. 90
- B. 101
- C. 110
- D. 100

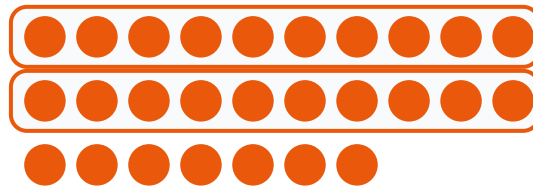

Question 3

Which numeral is *one hundred eight*?

- A. 108
- B. 180
- C. 1008
- D. 118

Question 4

How many dots are there?

Dots in rows.

- A. 17
- B. 26
- C. 27
- D. 72

Question 5

Count forward from 68. What are the next three numbers?

- A. 69, 60, 61
- B. 69, 70, 71
- C. 67, 66, 65
- D. 69, 70, 80

Question 6

Which number goes in the box with the question mark?

61	62	63	64	65	66	67	68	69	70
71	72	73	?	75	76	77	78	79	80

Part of a hundred chart.

- A. 73
- B. 75
- C. 74
- D. 84

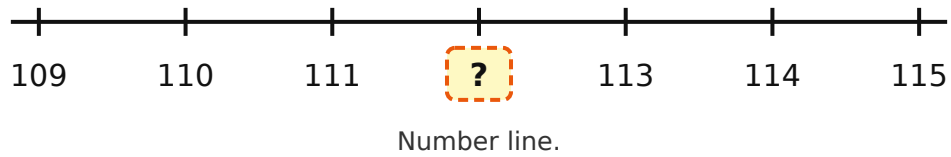

Question 7

Mr. Chen's class has been in school 115 days. What number day comes next?

- A. 114
- B. 116
- C. 117
- D. 125

Question 8

Which number goes in the box with the question mark?

- A. 111
- B. 113
- C. 112
- D. 121

Question 9

Which number is the last number in the row of the hundred chart that starts with 91?

- A. 99
- B. 101
- C. 110
- D. 100

Question 10

Which numeral is *one hundred twenty*?

- A. 120
- B. 102
- C. 210
- D. 1020

Answer key

1. **B** – Counting forward goes 52, 53, 54, 55, so 54 is missing. The answer 45 reverses the digits.
2. **D** – After 99 comes 100. The answer 101 is one number too far.
3. **A** – One hundred eight is 1 for one hundred and then 08, so 108. The numeral 118 is one hundred eighteen.
4. **C** – Two full rows of 10 plus 7 more dots make 27. The answer 17 counts only one full row.
5. **B** – After 68 comes 69, then 70, then 71. After 69 the counting does not go back to 60.
6. **C** – The box is after 73 and before 75, so it holds 74. The number 84 is the one below it in the next row.
7. **B** – The next day is one more than 115, which is 116. The answer 114 is the day before.
8. **C** – Counting along the line goes 109, 110, 111, 112, so the box is 112. The answer 121 reverses the last two digits.
9. **D** – The row has 10 numbers: 91, 92, 93, 94, 95, 96, 97, 98, 99, 100. The last number is 100.
10. **A** – One hundred twenty is 1 for one hundred and 20, so 120. The numeral 102 is one hundred two.

Remember:

- You can start counting at any number and go forward one at a time.
- After 99 comes 100; the next numbers are 101, 102, and on to 120.
- A hundred chart has 10 numbers in each row, and each row ends in 0.
- Numbers in the same column of a hundred chart end in the same digit.
- To read 100 to 120, start with one hundred, like one hundred twelve for 112.
