

Grade 1 · Counting and Numbers to 20 · Quiz

Common Core 1.NBT.A.1 · mathovore.fr

Name: _____ Date: ____/____/____ Score: _____

Try this 10-question quiz on counting and numbers to 20. Pick one answer for each question. Some questions use pictures of ten frames and number lines. Check your answers when you finish to see which ideas need more practice.

Grade 1 Common Core: 1.NBT.A.1

Questions

Question 1

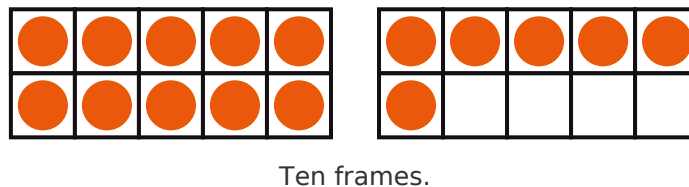

How many stars are in the picture?

- A. 11
- B. 10
- C. 12
- D. 9

Question 2

What number do the ten frames show?

- A. 6
- B. 10
- C. 16
- D. 61

Question 3

Which numeral is the word *fourteen*?

- A. 14
- B. 41
- C. 40
- D. 4

Question 4

What number is one more than 12?

- A. 11
- B. 12
- C. 13
- D. 14

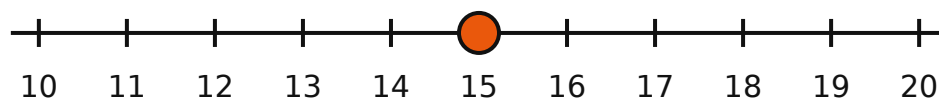

Question 5

What number is one less than 20?

- A. 19
- B. 21
- C. 20
- D. 10

Question 6

What number is the dot on?

Number line.

- A. 14
- B. 16
- C. 17
- D. 15

Question 7

Which number is missing?

Count up.

- A. 7
- B. 8
- C. 10
- D. 5

Question 8

Which word names the numeral 18?

- A. eight
- B. eighty
- C. eighteen
- D. seventeen

Question 9

Which number comes right after 16?

- A. 15
- B. 17
- C. 18
- D. 61

Question 10

Sofia has 9 shells. She finds one more shell. How many shells does she have now?

- A. 8
- B. 9
- C. 11
- D. 10

Answer key

1. **A** – Count each star once. The last number said is 11. Stopping early or counting one star twice gives 10 or 12.
2. **C** – The full frame is 10 and the second frame has 6 more, so the number is 16. The answer 6 forgets the full frame, and 61 reverses the digits.
3. **A** – Fourteen is written 1 then 4. The numeral 41 has the digits in the wrong order.
4. **C** – One more is the next number up, 13. The answer 11 is one less.
5. **A** – One less is the number just before 20, which is 19. The answer 21 is one more.
6. **D** – The dot sits on the tick labeled 15. The answers 14 and 16 are the ticks beside it.
7. **B** – Counting up goes 6, 7, 8, 9, so the missing number is 8.
8. **C** – Eighteen ends in teen and starts with eight. Eight is 8, and eighty is a much bigger number.
9. **B** – After 16 you count 17. The answer 15 comes before 16.
10. **D** – One more than 9 is 10. The answer 8 is one less.

Remember:

- Say one number for each object and count every object once.
- The last number you say tells how many objects there are.
- A ten frame holds 10 counters; 13 is a full frame and 3 more.
- One more is the next number; one less is the number just before.
- The words thirteen to nineteen end in teen.
