

Grade 1 · Counting and Numbers to 20 · Worksheet

Common Core 1.NBT.A.1 · mathovore.fr

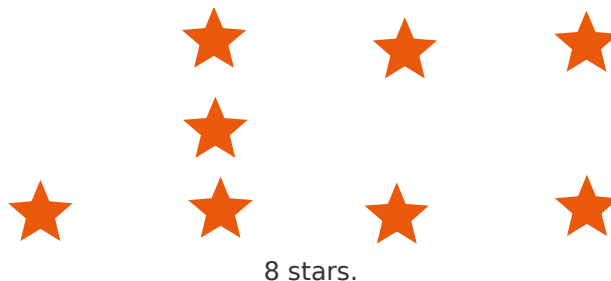

Name: _____ Date: ____/____/____ Score: _____

This worksheet practices counting and numbers to 20 for Grade 1, standard 1.NBT.A.1. Children count objects, read ten frames, and write numerals and number words. They also fill in missing numbers, find one more and one less, and solve short story problems. The easy items come first.

Grade 1 Common Core: 1.NBT.A.1

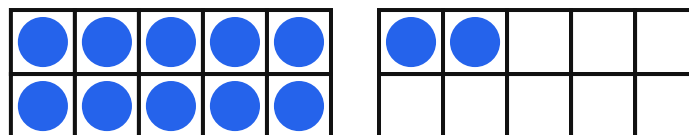

Problem 1: Count the stars

Count the stars. Write how many.

Problem 2: Read the ten frames

Look at the ten frames. Write how many counters.

Ten frames.

Problem 3: Write the numeral

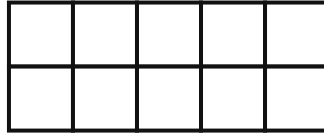

Write the numeral for the word *fifteen*.

Problem 4: Write the number word

Write the number word for 17.

Problem 5: Show nine

Color 9 circles in the ten frame to show 9.

An empty ten frame.

Problem 6: Fill the number boxes

Write the missing numbers.

Count up in order.

Problem 7: One more than nine

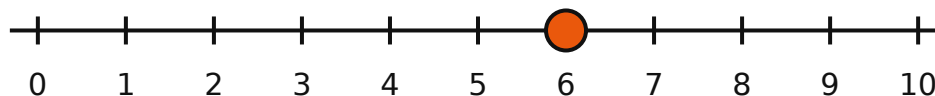

Write the number that is one more than 9.

Problem 8: One less than fourteen

Write the number that is one less than 14.

Problem 9: Dot on the number line

Write the number where the dot is.

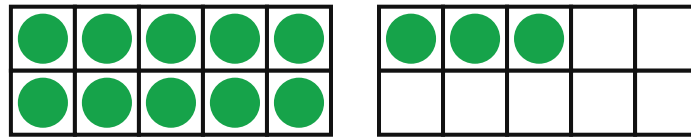

A dot on a number line.

Problem 10: Number after nineteen

Write the number that comes right after 19.

Problem 11: Second ten frame

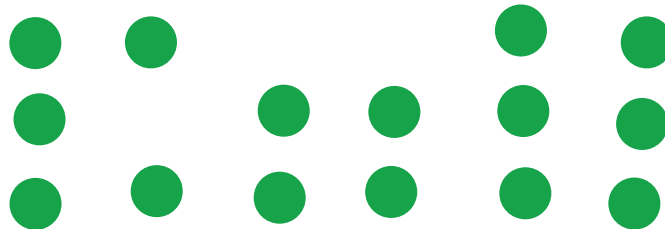

Look at the ten frames. How many counters are in the second frame? How many counters in all?

Two ten frames.

Problem 12: Count the counters

Count the counters. Write how many.

Counters.

Problem 13: Missing numbers 11 to 20
